## Confederate Bazar.

The Confederate Veterans' Bazar Association, composed of many of the representative women of the city, held a business meeting at Lee Camp Hall last night. As is known by the citizens generally, this association proposes holding in Armory Hall a grand bazar, the proceeds of which will be devoted to liquidating the debt on the beautiful building recently purchased by Lee Camp, Confederate Veterans. These ladies have been busy for many weeks. The business men have lent them aid by generous contributions, and by distributing circulars to out-of-town firms, the response to which has been prompt, and hearty. The city is being canvassed by many ready workers who regret they cannot always see "the lady of the house," but earnestly ask every housekeeper to send something to the fair. Persons at a loss to know just what to give, are informed that money, ice cream, cake, oysters, fancy work &c., will be gratefully received. It is hoped this bazar will net a tidy little sum, so all good citizens are urged to respond promptly, as they so well know how to do. Donations may be sent to Mrs. Thomas Perry, president 817 south St. Asaph street, or to Mrs. E. H. O'Brien, treasurer, 807 Cameron street. Armory Hall is now being fitted up for this grand bazar which will commence next Wednesday night, November 18th, at which time all Southern organizations in this vicinity are expected to be present.

## Police Court.

[Mayor G. L. Simpson presiding.]  
The following cases were disposed of this morning:

Andrew Whitting, colored, arrested by Officer Griffin on the charge of stealing two quilts from Florence Malley, colored, was fined \$10 or given 30 days on the chain gang.

A young white man, arrested by Officer Griffin charged with disorderly conduct, was dismissed.

Charles Baltimore, colored, arrested by Officers Mayhugh and Smith charged with assaulting John Quill, was fined \$5.

A young white man, arrested by Officer Mayhugh charged with being drunk and disorderly, was fined \$5.

## Railroad Reading Room.

The services at the Railroad Reading Room tomorrow afternoon will commence at 3:30 o'clock, when a song service will be rendered. Regular services will begin at 4 o'clock, when the address will be delivered by Mr. J. M. Green. Music on the occasion will be rendered by a quartette from the Methodist Protestant Church choir. A musical and literary entertainment will be given Monday night. No admission fee is to be charged and a cordial invitation is extended all who desire to attend. This entertainment is given for the benefit of railroad men, their families and all interested in the mission.

## The Market.

In consequence of the rainy and threatening conditions, the market this morning was minus the usual Saturday activity. There was a slight falling off in the attendance of country people as well as buyers. The supply of produce, however, was about equal to the demand, and prices showed no material variations. Fresh pork was selling at from 10 to 14c per pound, but 25a30c and eggs 30c a dozen. Other articles had undergone no change. Meats and fish were disposed of at former prices.

## Sale of Oil Sketches.

The oil sketches which Miss Fanny Burke donated to the Kindergarten Association last June, are to be sold for the benefit of the Alexandria Free Kindergarten on Tuesday and Wednesday afternoons of next week from 3 to 5 o'clock. The sale will take place at Mrs. Stabler's, 212 north Washington street. All who are interested in the welfare of free kindergarten will confer a favor by attending this sale. Refreshments will be served for the benefit of the kindergarten.

## Change in Weather.

The mild conditions and fair weather of yesterday underwent a change late yesterday evening, when the sky became obscured with indications of falling weather. It was nearly four o'clock this morning, however, before rain began to fall. Light showers followed at intervals, but as the day advanced fair conditions prevailed with the wind from the northwest and the temperature much lower than that of yesterday.

Seven lodgers were accommodated at the station house last night.

## The Benning Track.

The finishing touches have been put upon the new race track at Benning and there is practically nothing left to be done in preparation for the fall racing season, which will be inaugurated on Monday next. Visitors to the track this fall will find a practically new racing plant. In fact Benning is now an ideal race course. The most notable improvement is the construction of the new track officially designated as the Colombia course. This course is one mile and seventy yards in length from end to end, and presents the prettiest half mile of straightaway racing territory that ever a thoroughbred stepped upon. Horsemen at Benning declare the new track to be a model in every respect. The cost of the new course will be appreciated when it is stated that this culvert alone cost \$15,000 to construct. The Benning officials have not confined their attention solely to the construction of this new course, however. The old course, or main track, has been entirely rebuilt from start to finish. The top dressing of loam, which presented such a fast surface last fall and spring, but which proved entirely unsuited for local weather conditions, has been wholly removed. The track shows now a top dressing of hardpacked sand, the same treatment being used on the Colombia course. This style of construction means the banishment of muddy going. The harder the rain pours now, the better the sand packs. The footing is always safe and sure, and weather conditions will not interfere with the sport at any time. Another big improvement which will be noted with satisfaction is the entire reconstruction of the steeplechase course. A new roof has been put upon the big steel grandstand and the betting ring. The club house has also come in for extensive improvements. The lower porch has been extended and the upper porch entirely inclosed in glass, so as to be available for observation purposes no matter what the weather.

## Personal.

Rev. S. Douglas Clark, of Philadelphia, will occupy the pulpit at the Baptist Church tomorrow. Mr. Clark is spoken of very highly as a pulpit speaker, and has been very successful in his work since taking up his residence in Philadelphia.

Rev. Dr. G. L. Hunt will occupy the pulpit of the M. E. Church South at both the morning and evening services tomorrow.

Rev. M. L. Luecke will preach in the German Lutheran Church tomorrow morning and night. On the latter occasion he will take leave of his former congregation. He will leave for his new charge at Cadillac, Waford county, Mich., on Thursday next.

Mr. and Mrs. S. R. Shinn, of Baltimore, are visiting Mrs. Margaret Shinn, on Columbus street.

The weekly tea at the Alexandria Golf Club house yesterday evening was, like its predecessors, a very enjoyable affair and was well attended. Mrs. W. B. Daingerfield, Miss A. M. Chandler and Miss Lucy Leadbeater were the hostesses.

The Rev. H. W. Herrell, who has been in charge of the Seventh Day Adventists in this city for the past year, has received a call from Richmond and has left here for that city.

## Runaway from Work.

A young colored man, who said he was from Fairfax Court House, was straying around the wharves this morning inquiring for work. When his attention was called to the fact that he had run away from work when he left his native heath, he started vacantly. The contractors for double-tracking the Southern Railway want laborers all the time, but the individual referred to above, like many of his race, preferred a life, with all its uncertainties, to a rural existence no matter how much more satisfactory the latter can be proven to be.

## To be Enlarged.

It is said that a new and larger marine railway than the one now in use will be built at Mr. A. Dean's boatyard, at this place, during the coming winter, and will be in readiness for use in the early spring. A mud-dredging machine has recently completed the deepening of the water in front of the boatyard, and in this berth the railway will be constructed. It will be larger and more powerful than any railway in this vicinity, except the one at the Agnew shipyard.

## Rev. Mr. Slaymaker in Africa.

A letter has been received from Rev. H. C. Slaymaker written at Leopoldville, which is at the head of the falls of the Congo, and the lower terminus of the route traveled by the "Lapsley." He reports a safe journey so far and that neither he nor Rev. Motte Martin have suffered from any of the sickness of the African climate. The next letter from him will be from the end of his journey, Luo, as there is only left the trip up the Congo to be made.

## Charged With Stealing a Boat.

As was stated yesterday, Charles Quayle, who was charged with stealing a boat in Washington, was arrested by Officers Knight and Griffin, and later turned over to the Washington authorities. The boat carried off by Quayle is of the gilling skill pattern and was owned by J. W. Pierce, of Washington. The boat is valued at a sum sufficient to make Quayle's act grand larceny.

## Opera House.

As has heretofore been stated, the Erwood Stock company will begin a week's engagement at the Opera House next Monday night. R. J. Erwood is well supported and the specialties and illustrated songs rendered in connection with the plays produced are interesting and enjoyable features. This company is well-known in Alexandria, it having visited this city on previous occasions.

## Market House Thieves.

Hucksters in market are complaining of the loss of articles of produce from their benches. Raids were made on several stands yesterday evening, and one dealer reports the loss of about twelve dollars' worth of meats. Recently country wagons which had been left in Market alley on Friday nights have had articles purloined from them.

## Retreat at St. Mary's Church.

On Friday, November 20th, at eight o'clock, a. m., a retreat of three days will begin at St. Mary's Church. All the young ladies of St. Mary's Parish are cordially invited to attend the exercises, which will be conducted by Rev.

## Death of a Mason.

Mr. R. W. Weir, an old and well known resident of Falls Church, died yesterday evening. He formerly lived at Manassas, but removed to Falls Church many years ago. He was a member of Alexandria-Washington Lodge of Masons and will be buried with Masonic honors tomorrow.

## LOCAL BREVITIES.

The little sidewheel steamer G. J. Seufferle, which was recently sold to Baltimore parties, has been transformed into a propeller and her name changed to the Seaver. The steamer will in future run to points on Chesapeake Bay. The Seufferle was originally a propeller.

It is reported today in New York contracting circles that the work of construction on the Great Falls and Old Dominion railroad of the Potomac, to Washington, D. C., a distance of about seven miles, will begin at once.

In a row among negroes at a railroad camp near Quantico Thursday night William McFall shot and seriously wounded Scott Black and then escaped. McFall was arrested in Frederickburg.

About forty members of Covington Lodge of Odd Fellows last night visited Potomac Lodge, of this city, and after the meeting were entertained at a smoker.

A horse ran away on upper King street yesterday. Two ladies who were in the vehicle were thrown out but not seriously injured.

Mr. J. W. Goods has sold to Mr. E. Quinn a lot in the square bounded by St. Asaph, Pitt, Oronoco and Pendleton streets for \$100.

Mr. H. Bloch's new bakery and confectionery, 615 King street, has added considerably to the square upon which it is located. The display of fancy pastry, cakes, &c., is unequalled in this vicinity—in fact the establishment bears favorable comparison with those in larger cities.

Mr. Robert Travers will have trout, rock, tailors and oysters in market tomorrow.

## Stepped Against a Hot Stove.

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Keller, Va. Pain Balm is an antiseptic liniment and especially valuable for burns, cuts, bruises and sprains. For sale by Richard Gibson.

## Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured, and hopelessly resignation is no longer necessary. Mrs. Lois Cragg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung diseases by E. S. Leadbeater & Sons, Druggists, Price 50c, and \$1.00 Trial bottles free.

Energy all gone? Headache? Stomach out of order? Simply a case of torpid liver. Burdock Blood Bitters will make a new man or woman of you.

## Cured of Piles After 40 Years.

Mr. C. Hancy, of Geneva, O., had the piles for 40 years. Doctors and doctors could do him no lasting good. DeWitt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, sprains, lacerations, eczema, tetter, salt rheum, and all other skin diseases. Look for the name DeWitt on the package—all others are cheap worthless counterfeits. Sold by all druggists.

TRAVELER WANTED.—To work country trade; \$1,000 per year and expenses. LOS ANGELES CIDER CO., St. Louis, Mo. 11

**BLOCH'S BAKERY and CONFECTIONERY**  
615 KING STREET.

Mr. H. Bloch is now located at No. 615 King street, and his display of CONFECTIONERY, FANCY PASTRY and CAKES is one of the largest and most varied ever offered in Alexandria. Mr. Bloch's present stand is an old Alexandria landmark, having for over half a century been used as a bakery and confectionery. The building has been metamorphosed and modernized and a new granite pavement laid in front of it. The place is especially adapted for the purposes for which it is used; everything on sale can be displayed to advantage, while its central location renders it convenient to most residents. Bloch's confectionery is now an Alexandria institution, and it compares favorably with those of the larger cities of the country. All orders promptly filled and satisfaction guaranteed.

PROPOSALS FOR SWEEPING AND CLEANING THE VITIFIED BEER PAVEMENTS in the city of Alexandria will be received by the Committee on Streets until 12 m. MONDAY, November 23, 1903. For further particulars inquire of the City Engineer. E. S. LEADBEATER, Chairman Committee on Streets.
